Thursday Morning July 26, 1855 A PLEASANT COUNTRY FOR A NERVOUS ducts of that favored land in glowing spider or a toad is the cause of a fit of

conniptions." The cattle, however, are not the sole occupants of the prairie by any means. Droves of wild horses are not unfrequent, and deer are in countless numbers. The small brown wolf or cayeute is quite common, and you occasionally get a glimpse of his large black brother. But Texas is the paradise of reptiles and creeping things. Rattle and moccasin snakes are too numerous even to shake a stick at; the bite of the former is easily cured by drinking raw whiskey till it produces complete intoxication; but for the latter there is no oure. The tarantula is a pleasant institution to gain you get into a quarrel with. DR. JOHN BULL SOMETHING NEW AND VALUABLE. Tax most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sizk into insignificance when compared to that of our American King. European Kings employ the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation the poor and dependent. Our American King goes forth with equal willingness to the lordly mansion and humble cabin, ready siltingness to the lordly mansion and humble cabin, ready alto administer relief and to offer health and happpiness to the lofty and lowly, the rich and the poor.

DR. JOHN BULL'S

Is the TENTH WONDER OF THE WORLD, and the greatest blessing ever offered to afflicted humanity; to the suffering millions, the Doctor can say, relief is at your command. You have only to use this magical remedy. All those who still suffer, and will inst accept the professed balan, deserve not the pity of their families.

This wendorful medicine, during the brief period since its introduction, has carried happiness to the hearts of thousands, and made life a charm to many who heretofore regarded it only as a painful and miss-rable existence.

To the winds with all Lishments, Embrocations, Pain Killers, and Pain Extractors, and let millions of glad tongues procision the merits of the greet "American King of Pain," a preparation composed solely of vegetables and roots, produced by America's own rich and bounteous soil.

We would ask the Labies, who are always competent judges of what is and what is not a valuable family medicine, to do us a special favor by giving the King of Pain a single trist, and if satisfactory, exert their influence in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladies are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of. This is a powerful and truly magical remedy for all external diseases, sores, swellings, burns, &c., and for many internal afflictiors, it is a certain cure, yet it is perfectly harmless, and incapable of producing the least injurious effects in the most delicate cases or the weakest constitution.

It is entirely useless to follow the old and worn-out

the least injurious effects in the most delicate cases or
the weakest constitution.

It is entirely useless to follow the old and worn-out
system of publishing to the public thousands of certificates of wunders performed by this medicine. It costs
but twenty-fire cents to try it; and Dr. lical stakes his
well-carned reputation on the King of Pain doing all and
more than he claims for it.

We would ask, here you the Rheumatism or Gout,
these are not pleasant companions, and we know that
you would like to drive them away as soon as possible,
then use

"BULL'S KING OF PAIN." Would you be cured almost immediately, of Bowel Complaint, Dysentery, Sammer Complaint, Cholera Morbus, Cramp Colic, Head Ache, Tooth, or any other sche or pain, the remedy is simple and the curs certain. USE THE GREAT KING OF PAIN. Would you have your Sores, Swellings, Cuis, Burns, alds, Bruiser, or may other wounds healed, we repeat

MAGICAL KING OF PAIN. Would you be cored of Scald Head, Siff Joints, Sore Throat, Neuralgia, Sore Breast, Lumbago, Tetter or Ring Wrm, Sala Rheum, Blass of Poisonous fascets, Chapped Handz, and all other Sores, elither dry or running, we isy again and again, Your HEMEDY is Dr. John Bull's

"KING OF PAIN." Would you be cured of King's Evil, Caneer, Tumors, Eruptions, or any disease of the Skiu caused by impure blood, then use Dr. John Bull's Earsaparilla internally, and the King of Pain externally, mothing can be more certain than a specify and effectual cure.

It is a remarkable fant, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condenned it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarcaparilla that has ever been placed before the public. Although there are many physicians who feel a reluctance to having their names appended to the recommendation of any particular remody, notwithstanding they may approve of it in the highest degree, there are others who frankly jield their support in favor of a remely which shey know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live:

TESTIMONY.

By Testimony like the following renders superfluous all comments on the efficacy of Bull's Sarsaparilla. From Dr. L. I', Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and since that promises well in chronic diseases, to which it is applicable.

Louisville, June 6, 1848.

What Dr. Pries, whysician by appointment to the Lou-What Dr. Pyles, physician by appointment to the Lou-leville Marine Hospital, says of Bull's Sarsaparilla;

Isroile Marine Hospital, says of Buil's Sarssparilla;

Louisvilla, March 20, 1848.

I have examined the prescription for the preparation of John Buil's Sarssparilla, sud I believe the combination to be an excellent one, and well calculated to produce an alterative impression ou the system. I have used it both in public and private practice, and think it the best article of Sarssparilla now in use.

M. PYLES, M. D.,

Roshient Physician Louisville Marine Hospital Better Testimony than was ever Offered in favor of any Medicine.

Rev. E. W. Schon, Rev. E. Stevenson. We have used John Bull's Sarsaparilla, and have known it to be used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hestation in stating our belief, that it is a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most eachestly recommend it to the afficted.

E. W. SHHON. afflicted. E. W. SEHON,

(Signed) E. STEVENSON.

We carneatly invite all persons who are suffering with any of "the file that flesh is heir to," to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal onarm; and for the sake of humanity, we hope that a single individual will not be found unwilling to give Bull's Sarsaparilla a ratat, after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of autounding cures pelormed by his Barsaparilla. The amount of testimony voluntarily showered on Br. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.
